SUMMER EXPRESS

Headmistress' Message

Dear Parents

I am honoured that you have chosen Bal Bharati Public School for your little one and I welcome each one of you to the Montessori Department. There's a great saying, that the secret to a good lesson is the valuable preparation and foundations that are put in place prior to engaging the child. We, at our school, offer a traditional Montessori education in a child- centered nurturing environment. Our focus is to teach all our children with the foundational skills that they will carry on and build upon for the rest of their lives. We provide a personalized curriculum that advances with the child at his/ her unique pace along with the guidance of our committed facilitators. Not only this, our Learning Modules develop children physically, emotionally and academically. These modules incorporate all types of learning styles: visual, verbal, kinesthetic, logical, social and emotional; during this new normal environment. Our loving and competent team of educators is eager to nurture your child with good values and a deep sense of empathy, compassion and love towards the community. We look forward to working together this year and the coming years.

Neelam Ahuja
Headmistress

Bal Sabha Activities

ADAPTATION PERIOD 12.04.2021 to 16.04.2021 (Pre School)

The adaptation period was brought in with lots of fun and innumerable activities, which turned out to be more appropriate and effective method of e-learning. These activities gave a joyful start for the young learners to a pleasure called “school” and helped the young minds to settle down in the new environment.

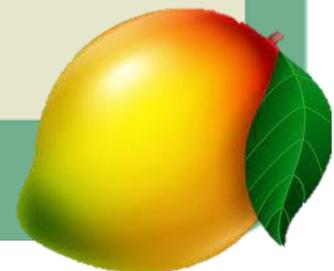

The children enjoyed story narration, fun activities like hand printing, finger printing, playing with dough, puppet show and loved dancing on the rhythm of various rhymes and songs.

KNOW YOUR SCHOOL 19.04.2021 & 16.04.2021

A Virtual Fun Activity was organised for Pre- School & Pre-Primary children on 19.04.21 & 16.04.2021 respectively. They were made aware about the importance of School in life and its role in shaping one's future through an interactive discussion and a short presentation followed by a fun game "Pack Your Bag" to develop the sense of belongingness. An activity sheet was also given to the children to foster their analytical skill.

EARTH DAY 22.04.2021

Children are the next caregivers of the environment and beneficiaries of the countless bounties of nature. It is important to make them realise about their role in caring for Mother Earth from early childhood. The students of Pre-School & Pre- Primary celebrated Earth Day on 22nd April 2021 virtually. They were told about the small contributions they can make to save the environment.

SUMMER CAMP- FUN ACTIVITIES 06.05.2021-04.06.2021

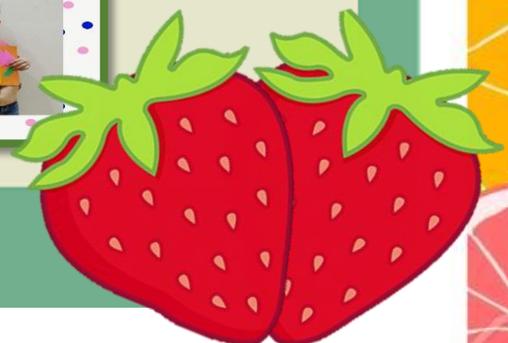

Summer camp is a community where children come together to have fun while learning lifelong lessons. Various Fun Activities were organised for the children of Pre- School & Pre- Primary from 06.05.20201 to 04.06.2021. These activities aimed at developing a sense of independence among children while trying new things. These activities also assisted the children with relationship building skills thereby learning to work and play together.

MOTHER'S DAY CELEBRATION- 07.05.2021

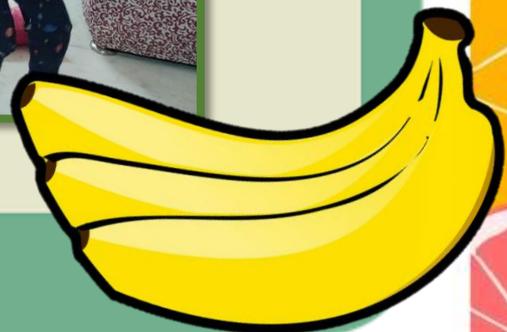

Mother's Day is a special day for all children. Mothers are the emotional backbone of the family who has the magic touch to heal all wounds and makes all things beautiful. Keeping this emotional bonding in mind, a Mother's Day card making activity was planned for the Pre-School & Pre-Primary children on 07.05.2021. As we all are indoors due to covid-19 lockdown, the activity was demonstrated through a virtual platform. Children enthusiastically participated and made beautiful cards for their mothers.

SPORTS ACTIVITY "CUSHION OBSTACLE JUMP"
10.05.2021

The activity was organized for Pre-Primary children on 10.5.21 virtually. This activity helped in strengthening their gross muscles, building their body balance and gaining confidence. The children participated enthusiastically and enjoyed the activity.

INTERNATIONAL YOGA DAY 2021 21.06.2021

Worldwide during pandemic, now the people are more aware with the benefits of Yoga as a great medicine to stay healthy for longer time. Not only it keeps everyone fit and active, but it also helps every human being to manage stress and promotes mindfulness. This year 7th International Yoga Day was celebrated on 21st June, 21 with a theme – “Yoga is for Wellbeing”. *Abhyuthanam / Elevating the self*, a program was organised and broadcasted on the platform of Google classroom and MS teams.

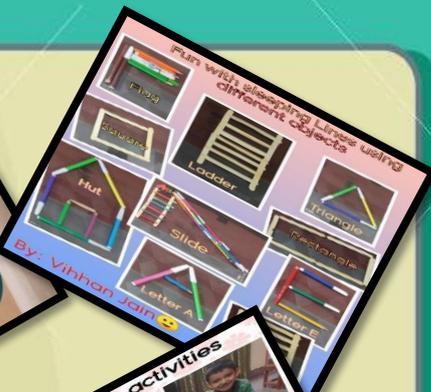

Entire Bal Bharati Pariwaar including children of Pre-Primary and Pre- School participated & celebrated this day with a great zeal and enthusiasm.

THEMATIC APPROACH

Every month, a new theme is taken up & weaved in such a way that benefits the child in a wholesome manner. Both Pre School & Pre-Primary children are taught in a play way manner where a lot of opportunity is given to children for experimenting & exploring. During the month Of April, Pre School children were explained about “ALL ABOUT ME” where they were explained why they are special, their self-esteem & self-concept was talked about, and they were also taken on a virtual tour to their school since they were excited to get familiar with the place they now belong to. On the other hand, Pre-Primary children learned how they can use positive words for boosting self, learning certain basic values, social skills. In the month of May, Pre School children learned about “Summer Season”, various appliances, the kind of clothes one wears, eatables, etc. They also enjoyed many flameless cooking activities as we feel that “All work & no play, makes Jack a dull boy.” The Pre-Primary children on the other hand, discovered the various things around them and did various activities like cooking without fire, preparation of Mother’s Day card, role play, etc.

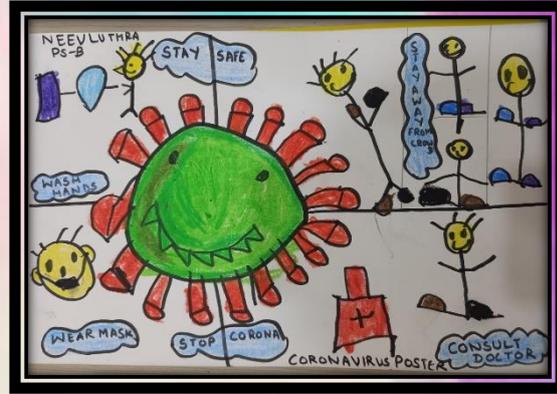

We take pride in saying that BAL BHARATI PARIVAAR always makes sure that children get the best of knowledge as that’s our motive.

won II Position
- **Abhyudyay the rise 2021**
organised by Bal Bharati Public
School, Ratnagiri
Event- Disco Fever
Kridha Verma of Pre- School D
won III Position

PARENTS' FEEDBACK

As the great saying goes our mind is like a parachute and it works well when open similarly each step that the school is taking even during this pandemic is working meaningfully for learning of our kids. Opening their mind with well planned presentation along with teacher's efforts is appreciated. Each concept is taking up slowly n steadily along with revisiting it time to time to make it strong in child's mind. I feel blessed to share that even in this virtual class my child shaana adores her teacher n obey her respectfully. Mrs Sanjana pays individual attention to all n has a keen interest in knowing them all. She often gives her extra precious time to listen to non-stop talk to our little chatterbox. I appreciate the BPS team for their awesome efforts in designing the planner and worksheet. They have an apt mix activities for developing gross motor n finemotor.

Thanking all the teachers n school for commendable efforts.
With regards
Neha Singh

Anaysha has been enjoying the online classes lately. One, she has developed the connection with you as her teacher and secondly, she has started sitting patiently to attend the class. Children, I believe are doing their best to learn in these trying times with the help of their teachers and us parents, as their facilitators.

Good morning Nitika ma'am I just wanted to thank you and all fellow teachers for putting so much efforts for creating such lovely and exciting and fun activities for our Little angels. It's comandable how you teachers manage to hold children's attention for one hour and make them participate and enjoy. We understand how difficult it is to make children sit even for 10 minutes.

So grateful for all your efforts

Good evening Maninder maam The efforts of the teachers to run this Summer Camp must be applauded. The pandemic times must have been tough for you all as well.. But the support by you as a class teacher has been commendable!! Our daughter has always been excited for all her classes, be it academic or this running summer camp. All the activities conducted in the camp so far have been fantastic.. Thanks for spreading positivity in these depressing times

Kind Regards

Kaveri Kamra

Pre- Primary G

PARENTS' FEEDBACK

The efforts put in by teachers to teach new concepts to the toddlers is commendable. I am very happy with the frequent recapitulation of the concepts previously taught be it days of the week, weather and worth mentioning is Namaskar. I am sure this will make children thorough with the concepts.

Teachers hardwork to make learning fun and deep rooted is evident in each and every class conducted by them. The presentations, story narration is apt and easy for children to relate to. The flash cards and the riddles asked in the class help them to implement their learning.

Thank you!

Jeevika

Hello teachers and parents
I know we all have been tied up in our homes and the house arrest is taking a toll on our lives.

Managing the extra extra energies of these super duper kids is surely to drive crazy all the mothers out there.

But just then the beautiful day wise activities shared by the school gave a direction to my child so the energies can be channelized in a productive way

I sincerely thank the Bal Bharati pariwar and the diligent teachers out there who have been sending daily tasks to keep the kids busy in a fun yet educative manner

The activities are such a blend for the holistic development of the child

The video calls from the class teacher is such a cherry on the cake that adds a personalized touch to these young ones where they feel they our home yet accountable to their loving teachers

A big thank you for the extravagant efforts to the entire Bal Bharati pariwar.

Good evening ma'am . I really appreciate your efforts to make my ward study even in these kind of situation we are facing right now and she also study very judiciously. We are happy that childrens taking this class seriously and I hope these classes will help students to get better results in even these kind of situation. Nice method of teaching

2. Good quality of teaching
3. Giving nice experience.

Thanks
Regards

Respected Teacher...
We, parents of Kuunj Bansal, would like to submit our feedback regarding online classes provided by your school during this lock down period. We would like to inform you that we are fully satisfied with this online mode of education during this unavoidable circumstances. Our ward is able to connect with school and studies through this online clases. We also appreciate the efforts of teachers and thankful for their cooperation with students. We wish for safety of all.

Thanks and Regards,

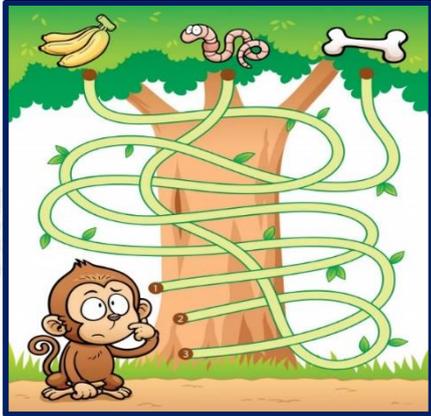

Sunaina Bansal
