

PRIMARY DEPARTMENT
PUSA ROAD CAMPUS
Session 2021-22

Dear Parent

SHIN Programme is Experimental Holistic Learning Programme that aims to promote interactive learning for the students through specially designed activities.

The objective of SHIN PROGRAMME is to focus on creating strong foundation for all subjects in children and improving 21st – century skills (Cognitive and Non-cognitive skills) that are universally essential. The activities under the SHIN Programme promote logical thinking among students.

The implementation of the programme was put on hold due to pandemic as children were not coming to school. In current situation, some activities given in the SHIN book have been shortlisted that will be conducted with the students through online mode.

In all, 8 activities will be discussed on Saturdays. For this a combined class per activity of 30 minutes duration will be scheduled on the following days on MS Teams.
