Guidelines for Computer Term Assessment

Dear Parents

This is to remind you all that the online Second Term Computer Term Assessment will be conducted through the Connected Classrooms Portal on 26.08.21.

- Maximum marks for the assessment will be 20. The assessment will include only **Objective Type** questions. The duration of the assessment will be one hour and ten minutes.
- **Kindly login to the portal 10 minutes prior to the scheduled time and click on the Assessment Tab to attempt the Term Assessment. The assessment should be completed and submitted 5 minutes prior to assigned submission time.**
- Students should read and attempt the questions carefully. The answers cannot be edited once the assessment is submitted.
- Parents are requested to let the children do the assessment independently.
- Before attempting a new question ensure that the previous question turns **BLUE** after its answer is submitted.
- For smooth submission it is highly recommended that the assessment should be attempted through a Computer or Laptop.
- Kindly ensure that you have downloaded the new app of Connected Classrooms. (Details already shared with you.)
- All students must appear for the Term Assessment without fail.
