PROCTORIAL BOARD

Messages by the proctors

The world out there is waiting for you, and all you need to make it your own, is a curious mind and a twinkle in your eye!

~ Ms. Rashmi Bindal

Without effort and preparations, lucky coincidences don't happen, aptly described as follows...He worked by day and toiled by night. He gave up play and some delight. Dry books he read new things to learn and forged ahead, success to earn. He plodded on with faith and pluck; and when he won, Men called it luck.

~ Mr. Rajeev Maakan

Be an inspiration rather than looking for one and nothing else can take you down. Trust in your own instincts, and life will come more in your control. Never give up and try harder when you fail. Let your talent shine bright and blind everyone out with its aura

~ Ms. Bhawana Kapoor

Be an example and create footprints of a marked performer which others would follow in the future.

~Ms. Ratika

It is rightly said that with great power comes great responsibility. But with great power comes a lot of things to be proud of and celebrated about. Take a moment and revel in the glory of what you have achieved and when you have done that, chart a plan that covers all that you put your mind to!

~ Ms. Kiranjeet Chugh

Let the days ahead cement your Teamwork, Collaboration and Cooperation! May you all emerge from your tenure trailing clouds of Glory! I will be Applauding you all the way!

~ Ms. Radha Nair

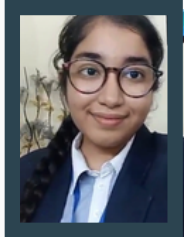

As you spread your wings and enter this new world, know that a responsibility has been bestowed on you. Use this to inspire and aspire, as you encourage others to take flight, use the opportunities at hand and create a beautiful outcome of their monumental years in school!

~ Ms. Anjali Virmani

*"Everyone has life . It's up to you to make it YOURS"
It's hard to stand up to everyone's expectations isn't it? It's hard to be as beautiful as others ,right? Isn't it hard to be perfect ? At a stage where we are forming ourselves , we have a career to make but the tangled and eerie thoughts in progressing society make you insecure . BUT, this is the time where you focus on yourself not the others. Stand up again no matter how hard you fall. Stop comparing yourself from others and start comparing yourself from the older you; look how far you've come. Weird coming from a girl the same age as you, isn't it? But let's try these together because we are in this together . Be confident because YOU ARE ENOUGH .*

*Growing up in this day and age,
With free expression all the rage,
Our young ones learn when starting school That reading's
fun and math's is cool While writing's not the least bit joring
It really is so much like drawing.
For every child it is essential to realize their full potential
And teachers always do their best to stimulate their interest.
When years of schooldays end at last
With all examinations passed,
Will the children reminisce
And say, "Our schooldays we will miss"
And as the final day arrives,
"They were the best days of our lives"*

POUR YOUR HEART IN YOUR ART

*Beautiful & Amazing Artwork made by students from class
IX-XI*

This artwork is inspired by the out-of-the-world phenomenon of a solar eclipse during which the moon covers the sun. The Baily's beads or diamond ring effect is when due to the rugged topography of the moon, beads of sunlight shine in some places while not in others.
