THANK YOU NOTE

For my part, I am almost contented just now, and very thankful. Gratitude is a divine emotion: it fills the heart, but not to bursting; it warms it, but not to fever.”

In the words of Charlotte Bronte, being thankful for whatever we receive in life is the utmost responsibility of every individual. Being grateful for what we have, learning at every step and elevating ourselves transcendently, will always fortify us in embracing the challenges that come our way.

On this note, we extend our gratitude for the admirable contribution of your school in making our event triumphant. It was our immense pleasure to witness your cheerful participation in our Interschool Technological Extravaganza TECHNOVANZA 8.0 on 4 November 2022.

We wish to see you again next year with unconventional techniques redesigning education paving way for a sustainable future.

Warm Regards

Ms. Nita Nijhara
Headmistress Middle Deptt.
