

PRIMARY DEPARTMENT
PUSA ROAD CAMPUS

Dear parent,

Apart from being a tool for communication, language plays a crucial role in the development of our personality. In today's multilingual world, knowing a second language is not only beneficial, but necessary for success in life. Various studies have shown that children raised in multilingual environments outperform those raised in monolingual environments. Even relatively minimal exposure to multiple languages can enhance communication skills in growing children.

With great pride we announce that our **Language Learning Academy** aims at providing our young learners an opportunity to enhance their linguistic skills. The first batch is running successfully since May 10, 2022. The registrations are now open for the next batch. The duration of the whole course will be 6 months approximately.
