Summer Erudition-Happy and Happening Holidays Homework!

Dear Parents

Summer Vacation is the best time to explore and create memories and acquire new skills. We are sure that you all must be very excited about your summer break and must have already made plans to visit your grandparents, relatives, and friends, trying new flavours of ice creams, playing for long hours in the read about park and waking up late in the mornings.

To create a well-rounded holiday experience and engage our little learners in some creative work, we have put together some interesting activities which the children will enjoy doing. We want our children to enjoy the Holiday Homework and learn new things independently.

Let's have some fun, rejuvenate with our loved ones and make this vacation happy and happening.

Each task described below is carefully planned in order to make it student friendly and interesting. This is an effort to reinforce the concepts taught and make learning an enjoyable experience.

**Happy Holidays!**
