**NO BAG DAY on 01.10.24, Tuesday for Class III**

Dear Parents

As we are on threshold of beginning of term II, we would like to inform you that 01 October 2024, Tuesday will be observed as a NO BAG day in the school for the students of class III.

No Bag Day in schools is an initiative aimed at promoting holistic development. By breaking away from traditional textbooks, this day will foster social interaction, relaxation, and mental well-being, making education more dynamic and enjoyable.

To positively engage our young learners, following meaningful activities will be conducted through the day-

• **Prelims of TED Talk competition under the aegis of Bal Sabha**

To provide a forum to students to compete and acquire the finer nuances of effective communication combining technology, entertainment and design all rolled into one- TED Talk competition prelims on the theme - वर्तमान की पुकार कौशल ननपुण छात्र will be conducted. It aims to empower our learners to navigate through the future with confidence.

• **Excursion to Railway Museum, Chanakyapuri**

A visit to a rail museum holds great educational and cultural value for students. To explore the history and technology of railways, learn about engineering and innovation, and experience the significance of trains in shaping transportation and communication, a visit to a rail museum has been organised for the students during the school hours. It will surely help our students gain valuable hands-on learning.

• **Video screening of an animated movie on life of Mahatma Gandhi**

To instill a sense of national pride and apprise students of the incredible life journey of Gandhiji, making his contributions to India's independence and global peace relatable and engaging for young minds, students will be shown a short movie. Through the visual storytelling of his life, students will better understand important concepts like leadership, courage, and moral integrity, while being inspired to apply these principles in their own lives.

• **Making a Timeline on life of Gandhiji.**

Students will indulge in making a timeline on the life of Gandhiji to visually understand key events and milestones in his journey. By organizing his life chronologically, students gain a clearer perspective on his role in India's independence movement and his contributions to social justice. This activity will reinforce their understanding of historical cause and effect, helping them appreciate the gradual impact of his leadership and values.
